# 03

# RECORDING

Record studio-quality podcasts from anywhere with **SquadCast**. I like SquadCast because it records each participant's audio locally, which makes each interview sound like it is in-person.

Sign up at [SquadCast.fm](https://SquadCast.fm).

Cost: \$20/month

# 04

# EDITING

Edit audio by editing text with **Descript**, an innovative new editing software for podcasters. Easily remove filler words like "uh" with one click.

Sign up at [Descript.com](https://descript.com).

Cost: \$12/month
